Maiden Ridge Nursery

G. D. SMITH, Proprietor
Richmond, Ky.

PURE STOCK

My Nursery has been inspected by the State Inspector and I have a certificate from him certifying that my stock is free from San Jose scale and other injurious insects. Also I have taken great care to select the best strains : : : :

TRUE TO NAME

The material I have on hand is first class and will be labeled true to name : : : : : : : : : : : :

SUBSTITUTING

As some of my stock is limited I may not be able to fill the order exactly as requested. In case I have exhausted the supply in some varieties, I will substitute a variety of a similar kind unless requested otherwise. If I substitute I will name the variety and try to select one just as near the one called for as possible : : : : : : : : : : :

EARLY ORDERS—Send in orders at once as the early orders will get the best stock and will be sent out first. All orders will be filled by early April.

PASS IT ALONG—Pass it on to your neighbor if you are not interested. Both he and I will appreciate it.
